Turtle Wax is a manufacturer of automotive appearance products. The company was founded by Benjamin Hirsch in Chicago in 1941 and is currently headquartered in Addison, Illinois, having relocated from Willowbrook, Illinois in 2016.. Hirsch's main product, a liquid car wax, was initially called Plastone, until Hirsch changed the product name to create the association with a turtle's hard shell.

The set design was simple and straightforward. The concept of the wax museum at the turn of the century was well suited to 3-D and was effectively laid out by the designers using a good deal of stage space.

House of Wax - 3dfilmarchive

If you make organic cosmetic formulations, then sometimes you might use waxes in your products. Beeswax is probably one of the oldest and most natural ingredients used in cosmetics and is often the first wax that most formulators go to when making balms. However, if you want to avoid beeswax then you might look for vegan waxes instead.

6 Vegan Waxes for Organic Cosmetic Formulations

4. Set the Scene. Choosing a venue was hands down the most difficult part. Not only are my and my friends' apartments too small for this size of group, I wanted the setting to be worthy of Mystery Manor. I had visions of chesterfield sofas, fireplaces, candelabras, and pre-war architecture, which believe it or not, is actually fairly easy to find in Chicago.
