If the beginning of wisdom is the definition of terms, then an understanding of GUI testing must begin with a definition of the term GUI. This is an acronym for Graphical User Interface, or that part of an application which is visible to a user. A GUI may contain elements such as menus, buttons, text boxes, and images.

The history of Western painting represents a continuous, though disrupted, tradition from antiquity until the present time. Until the mid-19th century it was primarily concerned with representational and Classical modes of production, after which time more modern, abstract and conceptual forms gained favor.. Initially serving imperial, private, civic, and religious patronage, Western painting ...

COMMENTARY CRITICAL AND EXPLANATORY JAMIESON, FAUSSET, BROWN. James Rosscup - This is a helpful old set of 1863 for laypeople and pastors to have because it usually comments at least to some degree on problems. Though terse, it provides something good on almost any passage, phrase by phrase and is to some degree critical in nature.
