THE BUILDING MANUFACTURER AND PRODUCT SOURCE FOR THE ENTIRE DESIGN TEAM. Sweets is the building product source for the design and construction professional: Architects, Contractors, Subcontractors, Designers, Engineers, Facility Managers and Building Owners.

Sweets - Construction & Building Materials Directory

Natural ventilation is the process of supplying air to and removing air from an indoor space without using mechanical systems. It refers to the flow of external air to an indoor space as a result of pressure differences arising from natural forces. There are two types of natural ventilation occurring in buildings: wind driven ventilation and buoyancy-driven ventilation.

Natural ventilation - Wikipedia

Masdar Headquarters Download Project PDF. Masdar Headquarters. Masdar Headquarters was designed as the world's first mixed-use, positive-energy building, using sustainable design strategies and systems to produce more energy than it consumes. The project was designed to be the centerpiece of Masdar City, a zero-waste, carbon-neutral development outside Abu Dhabi in the United Arab Emirates.
